

ABERFELDIE JETS UNIFORM INFORMATION

To determine sizing take an existing t-shirt/jersey/singlet/hoodie and lay it flat on a surface. Measure from armpit to armpit. This gives a width that will correspond to a width/size on our sizing chart (on our website).

Shorts are a generous fit and have a drawstring and elastic waistband. The size for these will usually match the size of the jersey. Please note that the waist measurement for the shorts is based on fit against the body, not a garment measurement.

Please refer to the sizing chart's below and those available on the MYCLUBCRM website.

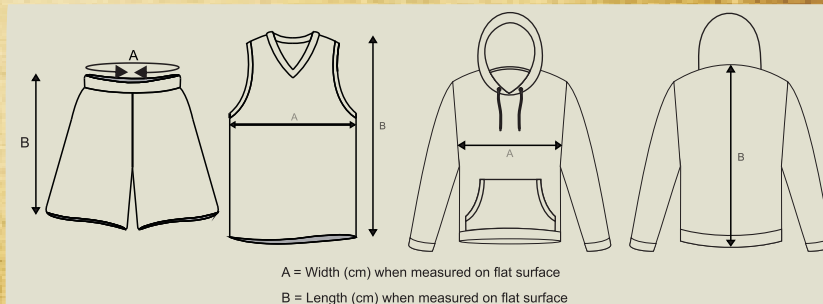

We often find that 5XS is for the littlies (5 - 6year olds), then it moves up from there 4XS approx. 6-7 year old, 3XS 7-8 year olds etc This is a very general rule and doesn't account for the outlying tall/rotund/short/thin children but at least helps you see where your child should roughly sit. Then you can use the sizing chart to see if they are in the ball park.

Shorts do not have to be a match to the top. Feel free to go up in size or down in size if you need to.

SLAMSTYLE will not be held accountable for any incorrect sizing ordered

SIZING CHART
